VGS CONSUMERS SUCCESSFUL IN HARD ECONOMIC ENVIRONMENT

Vocational Guidance Services (VGS) is now in its third century of providing high quality services for NE Ohio Residents with disabilities. State funding issues have, in recent months, placed significant challenges before the entire vocational rehabilitation community. However, the needs of our consumer have not changed. VGS has responded, and will continue to respond, with creative and innovative approaches to meet these needs. The continued strengthening of our partnership is central to the sustained success of our organizations.
